

The Idaho Office of Emergency Management

Mission

Guide the State of Idaho in effectively preparing for, protecting against, mitigating the effects of, responding to, and recovering from all hazards.

Individual Preparedness Community Preparedness

Darin Letzring

Southeastern Idaho Area Field Officer
Idaho Office of Emergency Management

Oct 30, 2024

Agenda

- ▶ Individual Preparedness
- ▶ Community Preparedness
- ▶ Mitigation Opportunities

Building a Culture of Preparedness

Individual Preparedness

- ▶ Emergency or Disaster = **Overwhelmed**
- ▶ Types of Preparedness
 - ▶ Mental Preparedness
 - ▶ Financial Preparedness
 - ▶ emergency fund
 - ▶ insurance
 - ▶ Evacuation Readiness
- ▶ Home
 - ▶ 72 Hour, 2-Week Kit
 - ▶ Food, Masks, Generator, Gas, Solar

HELP WITH HOME REPAIR

How much money can I get to repair my home?

It depends. FEMA can give money up to a maximum amount to eligible homeowners to repair or replace your home. For Fiscal Year 2024, the maximum amount is \$42,500. Your eligible award amount is based on the damage observed during the FEMA inspection. Money from FEMA to repair or install grab bars, an exterior ramp, or paved pathway to the home entrance for eligible survivors with a disability doesn't count towards this maximum amount.

Community Preparedness

- ▶ Threat Assessment
- ▶ Planning (THIRA)
- ▶ Training and Exercise <https://training.fema.gov/is/>
 - ▶ County Staff
 - ▶ Other Staff – Volunteers, Private Business
 - ▶ Response
 - ▶ Local
 - ▶ Many functions are multi-use e.g. Shelter, Re-Unification
 - ▶ Neighbors
 - ▶ EMAC

NDEMU Curriculum & Programs
Strengthening the capabilities of emergency management professionals through targeted training programs, certificate, and practical applications

Independent Study Program
Self-paced courses for the general public, and those with emergency management responsibilities
[Independent Study](#)

Vanguard Executive Crisis Leaders Fellowship
An executive network focused on disruptive changes and crisis leadership
[Vanguard Program](#)

Climate Adaptation and Hazard Mitigation Certificate Program
Empower emergency management professionals to effectively navigate, plan for, and respond to the impacts of climate change
[CAHMC Program](#)

Emergency Management Professional
A structured and progressive framework for the professional

National Emergency Management Basic Academy
Fundamental systems, concepts, and practices of cutting-edge

National Emergency Management Advanced Academy
Leadership skills, theories &

National Incident Management System Training Program –

May 2020

ID	Type	Name ^
		Debris Assessment Team
		Debris Monitoring Team
		Debris Operations Manager
		Debris Planning Manager
		Debris Supervisor
		Debris Technical Specialist

DESCRIPTION	The Debris Technical Specialist: 1. Evaluates types and quantities of disaster-generated debris 2. Provides an estimate of debris types and quantities 3. Supports the Authority Having Jurisdiction's (AHJ) debris removal operation in the field
EDUCATION	Not Specified
TRAINING	Completion of the following: 1. IS-100: Introduction to the Incident Command System, ICS-100 2. IS-200: Basic Incident Command System for Initial Response, ICS-200 3. IS-632: Introduction to Debris Operations 4. IS-700: National Incident Management System, An Introduction 5. IS-800: National Response Framework, An Introduction 6. IS-1000: Public Assistance Program and Eligibility 7. IS-1001: The Public Assistance Delivery Model Orientation 8. E-202: Debris Management Planning for State, Tribal and Local Officials
EXPERIENCE	Knowledge, Skills and Abilities: 1. Knowledge of special considerations in debris handling, such as environmental compliance, historic preservation and property preservation 2. Awareness of hazardous materials (HAZMAT) and related situations 3. Knowledge of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act) 4. Knowledge of the Emergency Relief Program of the Federal Highway Administration (FHWA) and the Emergency Watershed Protection (EWP) Program of the U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) 5. Knowledge of debris forecasting 6. Knowledge of reimbursement practices Experience: Two years of solid waste management experience OR experience in this position during two incidents, exercises, drills or simulations

Position Qualification	Communications Technician (NQS)
Position Qualification	Communications Unit Leader (NQS)
Position Qualification	Community Emergency Response Team (CERT) Section Chief
Position Task Book	Community Emergency Response Team (CERT) Section Chief
Position Qualification	Community Emergency Response Team (CERT) Team Leader
Position Task Book	Community Emergency Response Team (CERT) Team Leader (Type 1)
Position Task Book	Community Emergency Response Team (CERT) Team Leader (Type 2)
Position Qualification	Community Emergency Response Team (CERT) Team Volunteer
Position Task Book	Community Emergency Response Team (CERT) Volunteer (Type 1)
Position Task Book	Community Emergency Response Team (CERT) Volunteer (Type 2)

Completion of the following:

1. IS-100: Introduction to the Incident Command System, ICS-100
2. IS-700: National Incident Management System, An Introduction
3. IS-800: National Response Framework, An Introduction
4. IS-200: Incident Command System for Single Resources and Initial Action Incidents
5. G0191: ICS/EOC Interface
6. ICS-300: Intermediate Incident Command System for Expanding Incidents
7. E/L 0969: Communications Unit Leader, or equivalent

1. Successful completion of the NQS PTB for the NIMS Type 3 Communications Unit Leader, or equivalent AHJ documentation
2. Satisfactory performance as a COMT
3. Satisfactory performance as an Incident Communications Center Manager

Completion of the following:

1. IS-100: Introduction to the Incident Command System, ICS-100
2. IS-200: Basic Incident Command System for Initial Response, ICS-200
3. IS-244: Developing and Managing Volunteers
4. IS-288: The Role of Voluntary Organizations in Emergency Management
5. IS-315: CERT/Incident Command System
6. IS-505: Religious and Cultural Literacy and Competency in Disaster
7. IS-700: National Incident Management System, An Introduction
8. IS-703: National Incident Management System Resource Management
9. IS-800: National Response Framework, An Introduction
10. Minimum of 18 hours of CERT Basic Training Course

Knowledge, Skills and Abilities:

Understanding of CERT Team Leader functions as defined by CERT Basic Training or the AHJ

Experience:

Successful completion of the NQS PTB for the NIMS Type 2 CERT Team Leader or equivalent AHJ documentation

SERVICE

CISA Tabletop Exercise Packages

Tools for stakeholders to conduct planning exercises on a wide range of threat scenarios.

Task type: Increase your resilience

Readiness Level: Foundational

RELATED TOPICS: [CYBERSECURITY BEST PRACTICES](#), [MULTIFACTOR AUTHENTICATION](#), [CYBER THREATS AND ADVISORIES](#)

Description

CISA Tabletop Exercise Packages (CTEPs) are a comprehensive set of resources designed to assist stakeholders in conducting their own exercises. Partners can use CTEPs to initiate discussions within their organizations about their ability to address a variety of threat scenarios.

Each package is customizable and includes template exercise objectives, scenarios, and discussion questions as well

Mitigation

- ▶ Remove or reduce the impacts of natural hazards
 - ▶ Earthquake
 - ▶ Wildfire
 - ▶ Flood
- ▶ Other Notes about Mitigation
 - ▶ 75% Federal 25% Local cost coverage
 - ▶ Malad City has a water management project just starting
 - ▶ County can apply on behalf of a private entity
 - ▶ Deferred Maintenance is not eligible
 - ▶ Use a big picture idea that is supported by the mitigation plan for best results
