

Meeting Minutes: Start at 7:10pm

1. Meeting minutes were approved by a unanimous vote.
2. Jan Edwards wanted to talk about the sale dinner and meat preparation. She also suggested buying precooked and cut meat. Maybe in the future it does cost more but sometimes finding help to cook and cut meat for dinner has been hard. She already arranged to have uncooked meat delivered for this year. Also, she suggested changing the price for non-buyers from the sale. Many of the cost of products have gone up in price and it would be wise to also raise the price. Discussion was had about the current cost and what the dinner cost last year as a total. Prices were suggested and for adults and children. It was suggested that it be an even \$10.00 for all like the fire department does at the 4th of July breakfast. It was motioned to change the dinner price to \$10.00 per person or child for the sale day. Pat Motioned and Wacy 2nd vote was unanimous yes to the change. Kelly S. will make signs with the price change. Additional discussion was added from Allison about reminding parents sooner than fair about bringing a treat for the dinner. Instead of just rice crisp's that any cookie or treat would be fine.
