They will be presented at the June 7th, 2023 meeting. The Public has requested items be amended to the Development Code Schedule of land uses. Those items were Adding Kennels, Cabinet Shop to be allowed uses within Agricultural zone. Cabinet Shop will be an item to be presented for amending. Rhonda presented Cherese McLain feedback on the Comprehensive Plan update. Cherese states that the Oneida County Comp Plan isn't too bad, she feels it would benefit to be updated, Cody agrees, and feels that the work the PZ Commission has already put into it will help offset cost. Vickie will stop in the PZ Office and see if there are any items that can use some more updates. Cody gave an overview of the Amendments that will be presented to the Public on June 1st. PZ Commission felt that the items will be positively received within the community. Josh thanked Cody for transmitting the PZ Commission desires to the BOCC. Cody will present the same overview to the BOCC at their next meeting on May 8th, 2023. Steve asked if he could be patched in to ZOOM, a ZOOM link will be sent to all PZ Commission members.
