

December 18th, 2012

MEETING MINUTES OF A SPECIAL MEETING
OF THE BOARD OF ONEIDA COUNTY COMMISSIONERS
TO CONSIDER THE DIESEL FUEL AND OIL BIDS.

The meeting was opened by Commissioner Tubbs

Others in attendance: Kirk Hansen, Marv Christensen, James Clark.

Commissioner Firth opened the discussion by asking about the available rack prices. Mr. Hansen, representing Hanson Oil, and Mr. Christensen, representing Thomas petroleum, helped to explain the various options based on different suppliers. Only two companies bid and both bids were in a different format. It was suggested that the County accept a yearly bid for the oil products and bid each load of diesel fuel throughout the year. This would give an advantage to the county to get the best price for each load at the time of purchase. Both Companies were in favor with this proposed change.

Commissioner Sweeten made the motion to amend the fuel/ oil bid from last meeting to award the oil bid to Thomas petroleum, and to change the method of bidding the diesel fuel to allow for a new bid for each load throughout the year. Commissioner Tubbs seconded and the motion carried.

Assessor Dixie Hubbard requested that the Commissioner reconsider the holiday closure schedule she had requested in the previous meeting.

Commissioner Tubbs made the motion to adjourn
Commissioner Sweeten seconded and the motion carried.

Max C. Firth, Chairman

Matthew L. Colton, Clerk
