

MEETING MINUTES OF A SPECIAL MEETING
OF THE BOARD OF ONEIDA COUNTY COMMISSIONERS

The meeting was called to order by Chairman Max Firth.

The purpose of this meeting is to canvas the results of the May 15th, 2018 primary election. The abstract were reviewed. The tally sheets from the electronic tabulators were available for review as well and were looked at by Commissioner Daniels. Commissioner Daniels mentioned that she had herd of citizens concerned that the count was inaccurate. Clerk Colton replied that no formal complaint had been made in his office. He then explained the full process to the commissioners and how the information is read electronically and stored on a flash drive. Prior to the election the machines are proofed with a test deck to insure that they are reading the ballots correctly. At the end of the election when the polls are closed, the information is printed on paper and signed by the respective poll workers. This information is transferred to the abstracts which help to tally the votes for each candidate from each precinct. Once the commissioners have certified the results they are sent to the Secretary of State's office and combined with the results of the other counties.

Commissioner Daniels made the motion to approve the results as presented. Commissioner Stokes seconded and the motion carried.

The meeting was adjourned.
