

MEETING MINUTES OF A SPECIAL MEETING
OF THE BOARD OF ONEIDA COUNTY COMMISSIONERS

The meeting was opened by Commissioner Firth.

This meeting was held to open the bids for the removal of the buildings at the fairgrounds.

Three bids were received.

Kapp construction - \$30,845.00

Dave Isaacson - \$2,501.00 without moving concrete.

Jim Bott - \$551.00 for the 4-H building only.

As the bids were reviewed it was found that some of the bids were going to pay for the buildings while others wanted the county to pay them to remove the building. Also the bids were different as to which buildings they were going to demolish.

Commissioner Stokes suggested that the county rebid the project with the notice being written with more specific information and that the deadline is pushed out to the end of October.

Chairman Firth called the foreman of road and bridge to ask if his crew could remove the cement with their current equipment and if they had the time. It was thought that the R&B operators could handle the job.

It was further noted that the county will need to pay to dump the cement at the recycle plant. Times were discussed for the notice to be placed and when the bids could be opened.

Commissioner Stokes made the motion to reject all bids and to repost the job with better instructions and that the bids will be opened in the next meeting.

Commissioner Daniels seconded and the motion carried.

The meeting was adjourned.

Max C. Firth, Chairman

Matthew L. Colton, Clerk
