IN ATTENDANCE: Commissioner Chair Bill Lewis and Commissioner Jeppsen were present and Commissioner Ken Eliason and Attorney Preston Olsen joined via telephone.

Airport - Approval of Grant

Kathy Ray, Airport Board Secretary, presented a grant application due by the end of the day, which includes a \$150,000 cash match over two years and in-kind work. If approved, excavation will be outside the runway bounds, with conduit already in place.

The original application requested \$450,000, but the board proposed adding 20 runway lights so a second application for \$550,000 was prepared to include the additional lights. Mrs. Ray has been seeking state clarification on this change and is prepared to submit either application based on what she learns.

Commissioner Jeppsen motioned to approve submission of a state grant in the amount of \$450,000 for runway only lighting. Seconded by Commissioner Eliason. All ayes. Motion carried.

Commissioner Jeppsen motioned to also approve, as a contingency plan, a grant application for \$550,000 which would include the runway lighting as well as the taxiway and that only one grant will be submitted based on Kathy Ray's conversation with the state. Seconded by Commissioner Eliason. All ayes. Motion carried.
